

Clean Up Weekend

Sat 30th/Sun 31st

On the last weekend of the Summer holidays members of the parent council, staff, children and the school community got stuck in to give our school a much needed 'face lift!'

Manned with jet washers, screwdrivers, hammers, paintbrushes and all manner of other

tools (not to mention buckets of enthusiasm!) the team set to work cleaning, fixing and sprucing much of the outside area.

The weekend was a huge success thanks to all volunteers and the military coordination of Emmi Isham and Sarah Hatt.

BUT...this is just the beginning.....

We are now looking at the next step of the project and will be recruiting eager helpers for a weekend of sanding and painting the facias around the building. If you can lend a hand or help in any way please get in touch with the Parent Council...**YOUR SCHOOL NEEDS YOU!**
