

David Curran

"My wife Hannah and I relocated from Coventry to Meriden in 2016 and have been delighted to find such a warm and welcoming local community, particularly the Meriden school community. We have three young children; Thomas aged 4 who is in FS2 at the school, Hugh aged 2 and Arthur aged 8 months. I'm excited to take up the position of Parent Governor and support the school in achieving its vision for the future.

I have spent the last ten years working for Hays Public Services, a division of Hays specialist recruitment which focuses on recruiting into the public sector. During my ten years I have enjoyed recruited extensively for all parts of the public sector, including schools, and have built up a variety of skills which I hope will be useful in contributing to school direction, ethos and strategy.

Outside of school you will find me enjoying time with my wife and children, playing guitar and attempting to sing, and walking my dog Maisie."
