

Phil Burrows

We have lived in the Meriden area for the last 6 years. Before this my wife and I lived in Manchester and relocated with my job in 2008. I am married to Katy and we have two boys Samuel aged 3 and Matty aged 5 who is in year 1 at the school. I enjoy spending time with my family, holidays, days out and football.

We love living in this area and enjoy the real sense of community spirit both within the school and also in the local area.

I work for National Grid and have done so for many years. I have learned an awful lot of skills during my career that I can bring to the School Governing body to help make the school even better.

I have just taken up the role of Parent Governor and I am enjoying it very much. I am really keen to help shape the direction and strategy the school takes over the next few years to help our children and future children become the best that they can be during their time at this great school.
